GREETINGS FROM THE PRESIDENT

The Council on Scientific Education and the leadership of the Utah State Medical Association warmly welcome you to the new and streamlined Eighty-seventh Annual Scientific Meeting of the Utah State Medical Association. Scientific Council Chairman, Peter F. Lawrence, M.D., is also serving as Program Chairman this year. His innovative ideas and approaches have been amalgamated into the new and different format you will see as you review the program. The two major topics of this year's conference will be "Carcinoma of the Breast" and "Cardiovascular Disease". You will also notice the specialty societies are vigorously involved.

A vital part of this year's meeting is a Friday morning conference on personal planning which we strongly urge every physician to attend along with his or her spouse. No matter how excellent or sophisticated your financial planning may or may not be, you will surely find this session stimulating and interesting to you and your partner. We look forward to your enthusiastic participation in all aspects of this meeting. I am certain that you will be pleased and rewarded with your involvement.

JOSEPH L. HATCH, M.D.
President
